

New Product

PATRIOT 9500UT

INNOVATION

The next generation of winching is here. The patent pending semi-automatic clutch reduces winching time and provides convenience not seen before. When used with the patented Ramsey Wireless remote, the operator can engage and operate the winch from up to 50 feet away.

STYLING

The Patriot 9500 UT has been outfitted with all new features such as a state of the art clutch design in both looks and function, a very stylish new solenoid assembly that provides the winch with more structural integrity, and a sleek high torque 5.5 HP motor.

PERFORMANCE

The all new sealed high torque 5.5 horsepower series wound motor delivers a no load line speed of 35.4 feet per minute, sealed drum and sealed gear assembly protects the winch from the elements.
