

These 2-stage planetary, 2-stage spur gear winches are packed with essential and extra practical features for efficient reliable and safe winching operations under the heaviest loads.

1. All seals on the entire winch from the outermost end of the high performance motor to the edge of the 2-stage planetary and 2-stage spur gearbox meet the IP67 standard.
2. Fastest line speed in its class; sealed 5.2 HP and 6.0 HP motors deliver a quick 25 FPM[®] line speed at a low 75 Amp draw.
3. Four gear planetary sets, for added strength and durability. Robust ball and roller bearing construction.
4. Steel drum supports for ultimate strength; can be mounted foot down or foot forward, versatility provides multiple industrial mounting options.
5. Innovative "Dual-Stop" 100% load holding brake design provides zero drag on cable power in. Located inside the gearbox away from the drum to eliminate heat transfer to the synthetic rope.
6. Covered by a Limited Lifetime Warranty which includes an industry first 3-year warranty on all electrical components, the absolute BEST in the INDUSTRY!
7. Chrome plated aluminum ergonomic free spool knob lifts and turns effortlessly. Easily rotates in 45° increments for easy access for commercial and industrial applications.
8. Ergonomically shaped hand-held sealed remote with brilliant LED light assists in late night job site or road side winching.
9. Coiled cord extends to 15' and retracts to 4'. Includes strap to contain unit for storage. Connects to winch with military style twist lock plug, sealed to keep elements out.
10. VS4 Solenoid (Vented, Submersible, and Stabilized Solenoid with Sealed Socket) is the best winch solenoid in the world. Venting feature allows solenoid to resist water and releases contact damaging internal condensation. Tri-bar bracket includes steel-lined rubber insulated mounts to stabilize solenoid, reduces vibration and fatigue.
